STEP 02

FIND A CAREER WITH AI. USE THE PROMPT BELOW TO FIND CAREER OPTIONS.

I would like you to assume the role of a career counselor to help me find a career. Provide me with 2-3 career options based on the following skills and interests: **[SKILL 1, SKILL 2, INTEREST 1, INTEREST 2]**. Please disregard any career options that require a signigicant focus and skill level with the following dislikes **[DISLIKE 1, DISLIKE 2, DISLIKE 3]**. Give me an overview of the job, the education requirements, the salary range from salary.com (or other online resources if not able to pull the salary from salary.com), the job outlook from the occupational outlook handbook (or other online resources if not able to pull the job outlook from occupational outlook handbook), the soft and hard skills needed, and the pros and cons of the job.
